INTRODUCTION

We have started the journey almost 11 years ago. Company has built its empire on three pillars i.e. QUALITY, SERVICE AND PRICE. We are not claiming of number one position in this field but one thing we are sure of that there are very few players in the market who works with the sharpness that we work.

Each and every product is filtered and checked at various levels before it delivers to our clients. We always make sure that our products give you better business and try to maintain the monopoly of the product so that your margins are not compromised at any levels.

We are majorly dealing in porcelain tiles and supplies mainly to UK and supplies to the other parts of the world. We have office in UK to provide better support and service to our clients in all the segments from ordering to logistics. Company representatives in the UK are always updated with taste and requirements of the market and we try to provide you the best suitable material for your market.

We provide rates by keeping the international markets in mind to make sure that you will not pay even a single penny extra for you purchase.

SOFT SOBER

Soft color tones rule
these tiles inspired
by Spanish and Italian
heritage in utmost
sobriety

600 x 1200mm

**WALL & FLOOR
DESIGNER
GVT**

MADE WITH ULTRA MODERN TECHNOLOGY

WALL *Decor*

Impeccable styles of wall decor that balance colour and geometry with a designer punch to boot

MARBLE

A true replica of the marble texture that features a soft, glossy finish and crystalline candour

PACKING DETAILS

PRODUCT	NOMINAL SIZE	NO. OF TILES PER BOX	COVERAGE AREA / BOX
BLACKBERRY	600 x 1200 mm	2 Pcs.	1.44 Sq. Mtr.

NOTES: Colour Shown are as accurate as the limitations of the printing process will allow. Prospective customers are advised to inspect a sample of the tile before ordering. Every effort has been made to ensure the accuracy of the information given. However, the company reserve the right of change the specification without prior notice. Sometime variation in shade or size being inherent to ceramic industry may occur. Before fixing, we advise you to follow the fixing instructions in the cartons of the tiles as no responsibility can be accepted by the company once the tiles have been fixed.

GENERAL NOTE: Any Complaint must be brought to the company's notice within 10 days of purchase & before fixing of tiles.

TILES FIXING INSTRUCTIONS

1. Plaster the surface of the floor where the tiles will be laid with smooth finish and complete the plastering and curing at least two weeks prior to laying.
2. Before fixing BLACKBERRY tiles, lay them out in the desired pattern and make sure that they give an acceptable blend of colour. Please note that certain amount of shade variation is inherent in the manufacture of fully Vitrified ceramic tiles. **THE COMPANY WILL BEAR NO LIABILITY AFTER THE TILES ARE FIXED.**
3. The company bears no responsibility towards the tiles exposed to any outside process like transfers, printing, firing etc.
4. For fixing BLACKBERRY tiles we recommend the use of tile fixing adhesives for best results. Also follow the fixing instructions provided along with the adhesives.
5. For fixing BLACKBERRY tiles on the floor, using sand and cement, follow the instructions given below: (a) Use cement and sand mortar in the ratio of 1:4. Add some water to create a consistent paste. (b) Once the mixing has completed do not add any further water and use the same within one hour. (c) Apply a 20-30 mm, layer of bedding material over an area of 1 square meter at a time on the surface of the area. Apply a fine slurry to the back of the tile to ensure proper and full bedding. Press gently for even adherence at the back of the tile. **DO NOT USE AN IRON HAMMER OR SOME HEAVY MATERIAL TO PRESS THE TILE.**
6. For fixing BLACKBERRY tiles on Dado, we recommend the use of tile fixing adhesive with proper troweling method for 100 per cent coverage behind the tiles and for peerless bonding. Please follow the manufacturer's instructions for the same. We do not recommend the use of sand and cement for fixing on Dado.
7. Make and lay out the tiles from the center of the area to be laid so that cut tiles, if any, will be on the outer edges towards the walls.
8. The work size which we try to maintain for better technical performance is 600mm x 600mm, 600mm x 1200mm on average. It is advisable to maintain a gap of 1 mm to 2 mm between every two tiles to allow for possible expansion as per BIS/EN tolerance norms.
9. Complete the laying process by pressing the cut BLACKBERRY tiles firmly into place along the walls/floors.
10. Allow 3-4 days for bed curing. After this period fill the joints with grouts. Usage of grout sealant is recommended for keeping the grout free of dust.
11. Fifteen minutes after finishing the grouting process, wipe off excess grout with a damp sponge and polish the tiles with a soft and dry cloth for a clean surface. The tiles can also be cleaned with a mild acid (However, Hydrofluoric acid and its derivatives should not be used).
12. Please note that the company does not accept any liability in case of problems arising out of non-adherence to these fixing instructions.

Kindly look for the arrow (➡) on the back of the tile and follow the laying pattern as shown in Pic-1:-

Nothing in these instructions is a Substitute for Good Workmanship and Supervision

 Opp. Hotel Excellency, Nr, Rachna
Society, Deesa-palanpur Highway,
Deesa - 385535, Gujarat.
